

RCCB DONATES TO R.E.L.I.E.F. FOUNDATION

FIRM NEWS, OCTOBER 2, 2017

It has been difficult for all of us to watch helplessly as Hurricanes Harvey, Irma, Jose and Maria have caused catastrophic devastation to parts of the Gulf states and the Caribbean. Estimates are that this unprecedented series of storms has wrought upwards of \$200 billion dollars in damage requiring a recovery and rebuilding process that is likely to take years.

To support relief efforts on the ground, Royer Cooper Cohen Braunfeld (RCCB) will be donating a portion of all client payments that the firm collects in October to The R.E.L.I.E.F. Foundation, a nonprofit disaster support operation headquartered in the Philadelphia region.

The RCCB team felt it was important that our contribution positively influence the lives of those directly affected by the hurricanes. RCCB's initial contribution to The R.E.L.I.E.F. Foundation is supporting volunteers in the Houston area, where teams are working to rebuild an animal shelter, an assisted living facility and a primary school. The R.E.L.I.E.F. Foundation is also planning a relief trip to Puerto Rico early next year.
